Maya,

Looked good to me with a few edits I added. Thanks!

Mike

Hi Mike,

Just following-up on this. Do you think you can approve by EOD? If Michal needs to see this by Wednesday, then we need to move this through the review chain really quickly tomorrow. I'm also about to send this to Ben, Stephanie, and Chris in OGC.

Best,

Hey Mike,

Thanks for the heads-up and the EJ language. How does this look?

Maya,

This same group is meeting with Michal this Wednesday FYI so it would be good for her to see the response beforehand if possible. We are also incorporating EJ into a briefing on this EUP for Michal that is scheduled for next week on Thursday. I have pasted the slide below for your use. I don't think we want to say the strikeout phrase

Ex. 5 Deliberative Process (DP)

I suggest incorporating some elements from our slide. Thanks!

Hi Mike,

I'm sorry this got lost in my list of to-do's. How does this language look? I struggled to find anything that tied environmental justice to mosquito products. If you don't think this fits, perhaps we reach out to Mike Goodis to see what he is looking for.

Maya,

I edited the ESA section and added the link you requested. For EJ, is there language for mosquito control products generally that could be used? Thanks.

Mike-

I made one edit to the "credibility" section and added a comment. There is also a comment from Mike Goodis on EJ – not sure how that should be addressed. Please take a look and comment/revise.

Thanks, Alan

Hi Maya,

I have only one comment, in the section about EUP's being on a case-by-case basis that you are correct. A company can model an EUP application off of a previous EUP, but all required information must still be submitted for a full review. I will forward this on to Alan (Team Lead) and Mike Mendelsohn for their feedback and comments.

Hi Matt,

I hope you're well. I've finished the first draft of our CMS response to the FL Keys Environmental Coalition regarding Oxitec's EUP. See page 3 of the document for a summary of their concerns.

Please review and provide feedback by EOD 3/18. From there, I will send to Mike.

Thanks,

Hi all,

Just an FYI for now - we've received a letter regarding Oxitec's EUP from the Florida Keys Environmental Coalition. The letter will be teed up for AA signature and is due 3/24. You can expect a first draft from me in a few days.
